

Communication & Language (C&L)

- We will explore using language to imagine and recreate roles throughout play.
- We will continue to retell stories using props and puppets.
- We will make observations of plants and bugs and talk about what we can see.

Personal, Social and Emotional Development (PSED)

- We will be asked to follow simple instructions.
- We will make our own choices about what activities we are involved in.
- We will start to think about Year 1 during circle time.
- We will be encouraged to concentrate on a certain activity.

Physical development (PD)

- We will start weekly handwriting sessions in a small group.
- We will take part in sports day showing a variety of skills.
- We will explore our bug's garden using tools, magnifying glasses and tweezers.
- We will talk about healthy and unhealthy foods and taste some!

Literacy (L)

- We will continue to read books independently.
- We begin to learn more advanced sounds that are represented by 2 or 3 letters.
- We will read some non-fiction books.
- We will be encouraged to write sentences independently in a variety of contexts.
- We will know how to use full stops and capital letters in a sentence.
- We will begin to think about describing words.
- We will read a weekly class story that links with our learning.

Reception: Summer 2 It's a Bugs Life!

Mathematics (M)

- We will add and subtract numbers independently using a number line.
- We will explore what 'double' and 'half' means.
- We will look how we can measure time.
- We will look at patterns with colours and shapes.
- We will name and describe 2D and 3D shapes and recognise them in our surroundings.
- We will look at symmetry.

Expressive Arts and Design (EAD)

- We will create our own symmetrical butterflies.
- We will work together and create our own hungry caterpillar from different textures.
- We will create our own spider webs by using a weaving technique.

Understanding of the World (UW)

- We will learn about the life cycle of a butterfly and a ladybird.
- We will think about where bugs live and why they live there.
- We will use the computers and iPads to capture photographs and complete simple programmes.
