Attendance Procedures

To ensure we do our very best to keep our children safe at all times. We have reviewed our first day contact procedures with regards to absence.

Thank you all for contacting the school to report any absence. We understand that sometimes you can overlook this especially when lack of sleep is involved! In order to safeguard our children the school will use the following steps:

1. If no phone-call has been received to report your child will be off school then a text message will be sent to the first contact at 9:15am.
2. A second text message will be sent at 9:25am.
3. At 9:30am phone calls will be made to the second and third contacts on the pupil file.
4. If no response to the above then Mrs Butler will arrange a safeguarding visit to the home address.

Please note that we will be informing you more often if your child's attendance drops below the national target of 95% in order to support you. The school will help with transport and medication if needed, you only have to ask!

We do understand that children pick up bugs but we want to do all we can to help you to keep your child in school.
