

Kingsfield First School Homework Menu

Year Group: 4

Topic: Wonderful Water

Term: Summer 2

Set Menu: Timetables, spellings, daily reading, phonics practice

We will be looking for children to be reading at home with their parents. Listening to children read will enable them to grow in confidence as they become fluent readers. Once children are able to read fluently, and with expression, hold discussions around their comprehension of the texts, (we will provide a bank of ideas to support this). If your child is reluctant to read, they could listen to audio books. We want them to foster a love of books, so please don't underestimate the value of reading to your child.

We are all very grateful for your support.

Added Extras:

We will encourage your child to complete as many of the activities from the menu as they like at home, but NO LESS than 3 over the half term, This can be recorded (if appropriate) in our homework books. We will ask for homework books in during the last week of each half term in order for us to share and celebrate this learning.

Read it	Research it	Design it
<p>Enid Blyton is our author of the Summer term. Enjoy the sunshine and lose yourself in one of her many books then complete a book review. You may want to recommend one of her fabulous books to a friend!</p> 	<p>Research the scientific vocabulary below and write an explanation of what they mean. These words are used to describe the water cycle.</p> <ul style="list-style-type: none"> • Evaporation • Condensation • Precipitation • Collection 	<p>Design your own bar chart by asking the people in your house the following question...</p> <p>Which is the tastiest chocolate bar?</p> <ul style="list-style-type: none"> • Mars bar • Twirl • Snickers • Kinder Bueno 
Practise it	Write it	Make it
<p>Practise the days of the month rhyme by applying your knowledge to the questions below:</p> <ol style="list-style-type: none"> 1. How many days are there altogether in May and December? 2. I have 31 days and I am in Autumn. What month am I? 3. If I add two months together I have 58 days. Write all the possible answers for this. (Clue: It's not a leap year) 	<p>Create a fact file all about sound! Your fact file should explain everything you know about sound from how it's heard to the vibrations of particles.</p> <p>Here are some subheadings you could use:</p> <ul style="list-style-type: none"> • How sound travels • The importance of vibrations • How we hear sound • Inside the ear 	<p>Using any materials, create a model of the water cycle to visually explain how stages of the water cycle.</p>
