Challenge 2 and 3 English help sheet

Subordinating Conjunctions

There are 10 subordinating conjunctions. They are used at the beginning of a subordinating clause which is a clause that doesn't make sense on its own.

Challenge 2 English - Can you identify the subordinate conjunction in this paragraph by underlining them?

Today was a lovely day because the sun was shining so I decided to go for a walk with my children. Before we left the house we decided to put on some sun cream as it was the hottest day of the year so far. Although, I had lots of work to complete I chose to take a break while we had some lovely weather. During our walk we saw an ice cream van. We weren't sure if it was open so we crossed the road to check. Excited as we got nearer we realised it was open. After we had picked our favourite ice creams we sat on the bench to eat them when we spotted a beautiful horse trotting past.

Part 2 - Can you complete these subordinate clauses by adding more detail?

Example - While the rain poured down, **all the puddles became bigger.**

1. Finish off the sentences by adding more detail to these **subordinate clauses**.

a) While the rain poured down, _____

b) Before the party had started, _____

c) Unless the bus arrives, _____

d) When you have finished your homework, _____

e) While the Christmas tree is up, _____

Subordinating Conjunction Jigsaws
