# VE Day

## What is VE Day?

VE Day - or 'Victory in Europe Day' - marks the day towards the end of World War Two (WW2) when fighting Nazi Germany came to an end.

On 8 May 1945, Prime Minister Winston Churchill made an announcement on the radio at 3pm that the war in Europe had come to an end, following Germany's surrender the day before.

## Why is VE day so important this year?

The 8th of May this year commemorates 75 years since the first VE day in 1945.

This is why many celebrations were planned this year.

It is important to remember the sacrifices people made in World War Two.

## What can I do to celebrate VE Day?

Why not start by watching a short video explaining what VE day is about.
