Autumn	Spring	Summer
<ul style="list-style-type: none"> Learn new vocabulary. Describe events in some detail. Know and talk about the different factors that support their overall health and wellbeing: regular physical activity; healthy eating; tooth brushing; sensible amounts of 'screen time'; having a good sleep routine; being a safe pedestrian Explore the natural world around them. 	<ul style="list-style-type: none"> Learn new vocabulary. Ask questions to find out more and to check what has been said to them. Use new vocabulary in different contexts. Describe what they see, hear and feel while they are outside. Understand the effect of changing seasons on the natural world around them. 	<ul style="list-style-type: none"> Articulate their ideas and thoughts in well-formed sentences Use talk to work out problems and organise thinking and activities. Explain how things work and why they might happen. Recognise some environments that are different to the one in which they live.

Early Learning Goal

- Make comments about what they have heard and ask questions to clarify their understanding.
- Manage their own basic hygiene and personal needs, including dressing, going to the toilet and understanding the importance of healthy food choices. Explore the natural world around them, making observations and drawing pictures of animals and plants.
- Know some similarities and differences between the natural world around them and contrasting environments, drawing on their experiences and what has been read in class.
- Understand some important processes and changes in the natural world around them, including the seasons and changing states of matter.
