Skill vocabulary:

Line

Definition – A line is the path left by a moving point e.g. a pencil or a brush dipped in paint. A line can take many forms e.g. horizontal, diagonal or curved. A line can be used to show feelings and expressions.

Texture

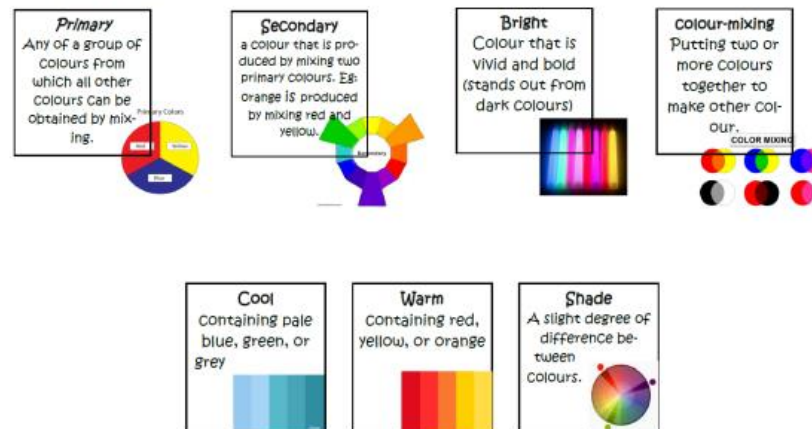

Definition – The way something looks and feels. This can be split into actual texture (what can be felt) and visual texture (what can be seen).

Tactile Texture:

Colour

Definition – Colour is the element of Art that is produced when light is reflected by to the eye after hitting an object.

Visual texture:

Tone

Definition – Tone means the lightness or darkness of something. This could be how light or dark something appears. Tones are created by the way light falls on a 3D object.

Pattern

Definition – A pattern is a design that is created by repeating lines, shapes, tones or colours. Patterns can be manmade or natural.

Shape and Form

Definition – A shape is an area enclosed by a line. It could be just an outline or it could be shaded in. Form is a three dimensional shape. Sculpture is about creating forms.
